Managing Division / Dept: Public Works / Road and Bridge

BUDGET IMPACT: \$105 (New Signage)
☒ Annual **FUNDING SOURCE:** 103 County Transportation Trust
☐ Capital **EXPENDITURE ACCOUNT:** Various
☐ N/A

HISTORY/FACTS/ISSUES:

During the July 14, 2009, regularly scheduled board meeting, direction was given to Sumter County Road and Bridge staff to prepare a resolution that will allow the operation of golf carts within a specific area of the Lake Panasoffkee community. Road and Bridge employed Kimley-Horn and Associates (KHA), Incorporated to undertake a study to determine the suitability of the existing roadways to facilitate golf cart traffic and satisfy Section 17-3 of the Sumter County Code. This study resulted in positive findings and recommended minimal signage improvements will be needed to restrict cart traffic outside the designated area. Attached for Board consideration, approval and execution is a resolution which will permit golf cart operations. Also attached is Exhibit "A", which consists of the KHA findings, recommended roadway signage that will be installed subsequent to approval, and identifies the designated area in which golf carts may be legally operated.
